Air Raid Alarm Instructions

Leave Dangerous Locations

- **Stay away** from exterior walls and windows, and cover your head.
- Move from higher floors to lower floors for protection.

In Urban Areas

• **Seek** immediate shelter in the nearest building.

In Open Space

- Drop down and assume a protective posture.
- Use bridges, underpasses, or drainage ditches, etc. for cover.

Able to Exit the Vehicle

- **Enter** the nearest building for shelter.
- **Take cover** and assume the protective posture if no buildings are nearby.

Not Able to Exit the Vehicle

 Lower your body below window level and protect your head.

Protective Posture

- 1. Stay down and protect your head.
- 2. Stay still.
- 3. Stay away from the explosion and wait to move.
